

REVIEW OF PREVAILING ATHLETIC SPORTS

LOCAL MEN WILL WORK AT TRACK

Utah Jockey Club Fills All Possible Positions at Buena Vista With Salt Lake Talent.

One of the complaints made with reference to the two meetings of the Utah Jockey club was to the effect that but few local men were engaged as officials at the track and there were many expressions of dissatisfaction because of these conditions. The directors of the club evidently realized that mistakes had been made and decided upon an entirely different plan for the spring meeting this year. Wherever possible, local men have been placed on the official list, men who are well known in the community and who are undoubtedly qualified for the various positions.

"I am very glad that such action has been taken," said President John Caudron this morning. "It will be much better for all concerned to have local men act as officials. I want to say, also, that we invite just criticism and we will do everything in our power to prevent mistakes."

There will probably be no chance this year for the cry of "association horses." Manager and Starter Dwyer seems no longer and neither do any of the other officials.

There will be a number of improvements at the track. It is proposed to erect a restaurant near the grand stand and President Caudron says it will be up to date and that city prices will prevail. The jockey room will be enlarged and no doubt additional stables will be built, as it is expected there will be more than 1,000 horses here. Butte owners are taking a lively interest in the meeting, and several carloads of horses will be shipped from Montana. The horses will be here until the Butte meeting opens on July 4.

Manager Dwyer has gone back to California to continue his work as starter, but he will leave there in plenty of time to become thoroughly familiar with the situation here. There will be a big string of California thoroughbreds at Buena Vista when the meeting opens.

HARNESS HORSE MEN PLAN WEEKLY DRIVES

At a meeting of the Salt Lake Driving club held in the Jockey building Friday night it was decided to hold a series of matinees during the summer at which the fair grounds track or that at Wendover will be used. A large number of harness horse men present at the meeting. A committee was appointed to draft a letter petitioning the council for the use of a half-mile speedway at Liberty park. Another meeting will be held next Thursday evening at room 53 Judge building.

WORKING OUT TODAY.

Track Squad and Baseball Candidates Out for Practice.

The high school track and baseball squad reported on the high school campus at noon and the boys are working out under Coach Conville. Captain Tommy Fitzpatrick is handling the baseball team this afternoon, as Conville is working out with the track candidates. Fitzpatrick will select two teams and a nine inning game of ball will be played. The diamond is not in the best of condition but nothing will be done until the action of the board of education is ascertained on the matter of the new campus. The rivalry for positions is getting intense and elimination will soon commence. Suits will not be issued until the first game.

The track men are being worked hard, as they have had things easy the past few days. Conville is with the boys, owing to the fact that Captain Atkins is on the sick list with a bad ankle. Conville announces that the hurdles may not be the doubtful event, as he has discovered in Shackleford what he calls a crack. Shackleford has never had a hurdle before until Thursday, when he took them like an old timer. In mid-season form. Arrangements are being made by Manager Backman for a training table to be run in connection with the school cafe.

The ANNEX CAFETERIA will serve an excellent Sunday Dinner from 12 to 5.

BAGS OF GOLD

The money we recently sent the following clients would make several nice little bags of gold. It was all collected from claims that had been placed with us for collection. Of course our clients expected their money and felt sure they would receive it, but they turned the claims to us because they needed the money now, and not because of less confidence in the integrity of their debtors. Read the list. You will know several of them:

Roy Pack, Woods Cross, Utah.
Mrs. C. H. Mathews, Colesville, Wyo.
C. N. Ashman, Baker, Nev.
Wm. Turner, 119 E. 16th St., Murray, Utah.
John Halverson, 78 So. 2nd East, City.
A. H. Jones, 2 Commercial block, City.
Mrs. Clifford Johnson, Mountain Green, Utah.
W. S. Scottford, Monticello, Mont.
Chris. Campbell, 26 W. 4th South, City.
D. H. Gordon, No. 2 Lambert Court, City.
Culley Drug Co., Ogden, Utah.
Elizabeth V. Pratt, 122 2nd Ave., City.
J. H. Hampton, Bountiful, Utah.
J. A. Lee, Layton, Utah.
Silver Shoe & Clothing Co., Aspen, Colo.
J. P. Christensen, Mercantile block, City.
Charlton Shop, City.
Mrs. A. M. Meyer, 24 1st St., City.
Samuel Cook, Garfield, Utah.
E. B. Wicks, Real Estate Agency, City.
Clearfield Mercantile Co., Clearfield, Utah.
Dr. W. E. Perreche, Hoquiam, Wash.
Drs. Freeman & Lauzer, Rock Springs, Wyo.
Intermountain Packing Co., City.

Red Streaks of Honesty exist in everybody. We are proving it every day and the masses are helping us prove it by paying us money in settlement of their debts. That people have not paid their bills in the past is due to circumstances. Rockefeller could not give away his millions if he did not have the millions to give. That claims are being paid to us continuously that have been standing years and years is a more convincing argument in favor of the honesty of the masses. That we collect more money than any other collection agency in the world is another bit of evidence which cannot be disputed. We discovered the Red Streaks of Honesty and produced them in our advertisements in every state in the Union and in foreign countries. If any one owes you money anywhere, and you want it now, turn in your claims and we will collect some gold for you.

"Some People Don't Like Us."

FARMINGTON WINS FROM SECOND U.

(Special to The News.)

Farmington, March 18.—The Farmington basketball five downed the second team of the university last night by a score of 24 to 15. The game was the most exciting of the season, the score being tied time and again. Finally the sturdy work of the local team began to have effect and in the last 10 minutes of play there was no doubt as to the outcome. The local boys are much enthused over the outcome, as it is the first big game which they have played this year.

MONTANA AGGIES DOWNED BY U. FIVE

(Special to The News.)

Bozeman, Mont., March 18.—The University of Utah basketball team walked away with the game against the Montana Agricultural college last night when they won in a walk by a score of 27 to 15. It could have been made much greater had the boys from Utah desired, but they slowed up in the second half after they had put the game away on ice with 22 to 6 in the first part of the game. Romner, Holmstead and Roskelly were the star players for the visitors. After the game the visitors were entertained at a dance.

TEACHERS CHAMPIONS OF WASATCH COUNTY

(Special to The News.)

Heber, March 18.—The bishops proved to be entirely too slow for the high school faculty basketball team last night, when the game for the championship of Wasatch county resulted in a victory for the pedagogues by a score of 30 to 14.

The line-up:

Faculty: Bishop, R.F. (Referee); Robinson, L.F. (Referee); Johnson, C. (Referee); Garff, R. (Referee); Whitaker, L.G. (Referee); Price, R. (Referee).

Referee—Roberts, Umpire—Montgomery.

CHALLENGES ANY CITY TEAM.

The crack junior team of the Thirty-first ward last night defeated the fast five from Waterloo in spite of the slippery floor. The winning youngsters are out with a challenge to any team in the city under 17 years of age. The line-up follows:

Thirty-first Ward: Waterloo, James, J.P. (Referee); Morgan, J. (Referee); Lyman, C. (Referee); Cutler, J. (Referee); Mart, L.G. (Referee); Wright, J. (Referee).

Score: Thirty-first ward, 31; Waterloo, 26.

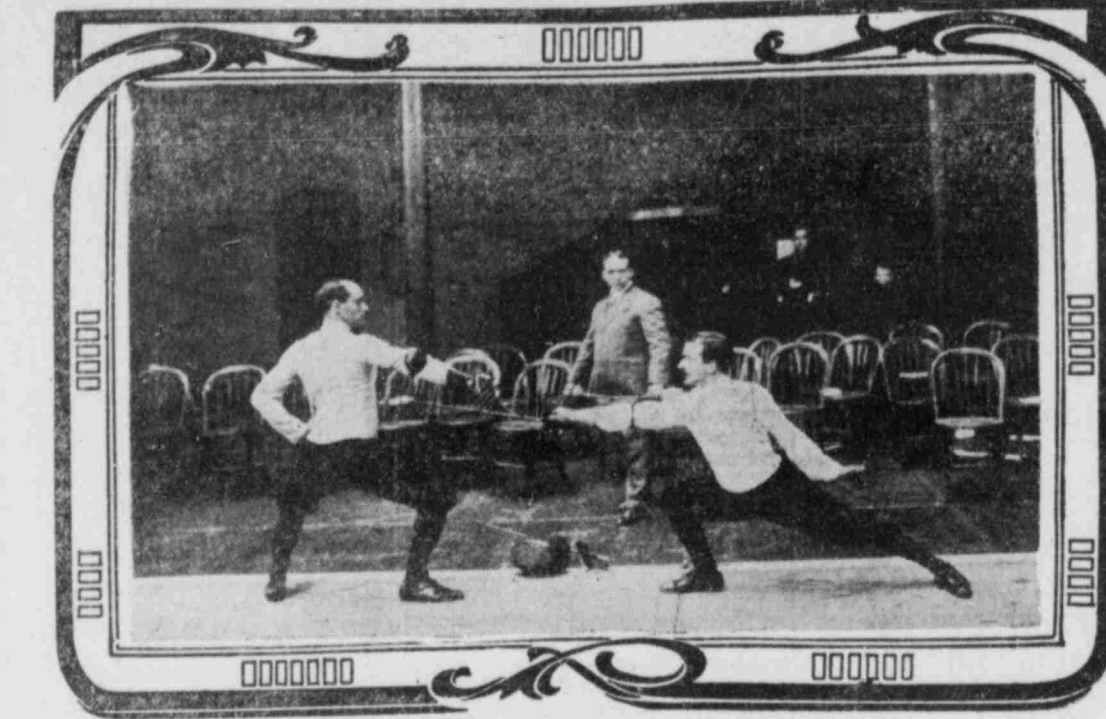

BRITISH CHESS MEN DEFEAT AMERICANS

New York, March 18.—F. J. Marshall has been accredited with a victory in his unfinished game with J. A. Blackburn of the English team at the top board of the recent Anglo-American chess chess match. A telegram from the London Chess club admits the chessmen of the English master's position.

This makes the total score for the match 4½ to 2½ in favor of the British. It is unlikely the Americans can increase their score by the addition of even a draw and the final adjournment, owing to New York experts, will probably show a victory for the British by 6½ to 5½.

JEFFRIES TO RESUME LIGHT TRAINING

Los Angeles, Cal., March 18.—Without having even sighted a bear on his long tramp through the mountains, Jim Jeffries will return home tonight to resume light training, preparatory to leaving for his permanent camp at Santa Cruz April 1. Bob Armstrong, the negro training assistant, last night met Jeffries and remained with him until the battle with Johnson, July 4. Jeffries will not do any hard work during the few days he will have at home. Light road stunts, light gymnastic work, and some free chopping is the program. According to hunt companions, Jeffries arrived ahead of the champion today, the trip in the mountains has done Jeffries much good. Although he is disappointed in not getting a shot at a bear.

FENCERS WHO TAUGHT THE KING OF SPAIN AT ANNAPOLIS.

Two of Spain's most distinguished swordsmen met at the Annapolis naval academy March 5, 1910. They were Prof. Jose Martinez Asensio, and Prof. Julio Martinez Castello, both members of the Royal Fencing society of Madrid, and instructors in fencing to King Alfonso. The former is considered the best fencer in Spain. They have just completed a tour of South America and are starting one on this continent. The method of fencing they employ is totally unlike that practised here, as it entails a great deal of footwork.

HIGH SCHOOL SPORT IS TAKING A SPURT

Prospects on Track, Field and Diamond Are Bright With Much Talent in the Running.

The prospects for the spring sports at the high school, along both branches, are exceedingly pleasing and with the proper attention have little trouble in again making a great run away with the track and field events at the state annual track meet, which will be held in May. The baseball team will be as strong and fast as any the school has ever had and the main aim in view is the capturing of both the high school and college championships, which will mean that the high school will lead the schools of the state in the national sport.

The greatest need at present at the school is a new campus and it is the plan of several men to carry the matter to the school board and ask for sufficient money to provide a first class campus, which will serve as a baseball diamond, a football field, as a quarter mile running track, an ideal place for annual flag races and lastly a drilling ground for the cadet battalion. The men pushing the proposition are Coach "Dad" Conville, Principal Eaton and O. A. Callahan of the British. It is the north half of the present high school block to erect a quarter-mile track which will be level. This last fact will require the taking of six feet of earth from the east half of the block and a filling in of four feet of the west half. The track will be made of cinders and will be used for the use of baseball and football, will be covered with a layer of clay and rolled. A grand stand will be constructed on the north side of the campus, which will have a seating capacity of 800. The matter may be settled at the next meeting of the board of education, and they expect the taking of the campus will be complete in less than 30 days.

Although some of the star players of last year's team will be in suits this season, their places will be well filled by some of the new candidates, who are now showing up in great form. The squad this year is the largest in the history of the school and third base is the only position where there is only one man for the place. Capt. Fitzpatrick will be at third, and he certainly will play up to his usual form. Greene of last year will be at catch with Fuller, Rumpf, and Fitzgerald running against him. The box men will be hard to develop, as all are new at the game. Two men should be developed from McIntyre, Jenn, O'Brien and Ruff, who will be up to Hurst, an old player, but against him are Naylor and Talmage. New men are out for second and the rivalry is keen yet all are showing up well. They are Wilson, Biglow and Smith. At the initial bag will be new men, such as Purviance, Hodges, Ward, McCurdy, McIntyre and Yates. The men for the field are numerous and as the old fielders are again out, there will be some tail scrapping for the place. 12 others are against them. They are Ward, Kilpatrick, Romney, Warthman, Schneider, Thomas, Merritt, Jones, Johnson, Barnes, Woeel, Humes, Todd, Watt, World and Goodspeed.

The school this year will be in the intercollegiate league, rather than in the high school league, as in all former years. The school expected to organize a high school league but when the opportunity presented itself to fill the vacancy made by the B. Y. F. team, dropping out of the college league, Coach Conville, at once took advantage of it.

The high school certainly made a clean up of the track points last year and the prospects are that the same will be done this year unless some of the town schools spring great surprises. But still it is one of Conville's plans to prepare for surprises. Practically the same old boys will be on the track team this year and success is certain. Conville has let the boys off easy the past week, so that they could harden up but regular practice will commence this week, when the training race goes into effect. This rule will be made by Conville and posted and any candidate for the squad, who is guilty of breaking the rule will be forced to turn in his track suit.

The track events are more pleasing than the field events and it will be possible for the school to win out with these alone. The men for the sprints are promising. Capt. George Atkins, the high school track wonder, will without a doubt capture the state record for the 100. His running mates will be selected from the following boys: Worley, Kester, Wetzel, Bonning, Gurnsey, Wilson, Schramm, Scranton, Rognon, McCann, Holding and Backman. The 220 men are the same as for the century. Gorday Kirby will handle the 440 and as he now holds the state record, he should be able to at least win the event in May. Others for the event are Kester, Scranton, McCann and World. The hurdles are rather doubtful, but considerable attention will be given to the

GOSSIP FROM SPORTING WORLD

Chicago university has a Filipino, Conrado Benitez, as captain of its water polo team.

The Wright brothers will emerge from their shell this summer and give exhibitions in various large cities.

It is not probable that August Belmont will participate very prominently in racing this year. He has a brand new bride.

A single, double, triple and home run out of five times up was the record made by McIntyre, pitcher for the Brooklyn, the other day. Going some.

"I like to see red-blooded men forget the serious problem and rest like boys at a ball game," said President Taft. Well, Salt Lake is willing but it is up to John Tobin.

The Harvard varsity eight is having some trouble owing to trouble occasioned to Newton, the stroke, one account, of class work. The same holds true with McKay, a star pitcher on the baseball team.

The Redoubt of the Egyptian desert has a new type of dirigible which is attracting as much attention among aviators as the German dirigibles are.

England is waking up to the fact that there is something on earth other than herself other than a navy. A great aviation meet is to be held at Bournemouth in July and it is said, it is to be the "greatest ever."

Kid Broad has been resurrected. He is out with a challenge to meet any man in the country at catch weights. It is probable that he will be buried again, if it is once great again gets into the ring again.

Roy Knabshouse, the dirigible aviator, is looking engagements all over the country and seems to be in great demand.

GRAND OPERA IN ENGLISH BY AMERICAN COMPOSER

New York, March 18.—For the first time in its history the Metropolitan Opera company last night produced a grand opera in English by an American composer. The opera was a one-act work called "The Pipe of Dread" by Frederick S. Converse, professor of music at Harvard. Adding to the unique character of the performance the entire cast of seven stars was composed exclusively of American artists.

ARRESTED FOR AIDING MAN TO COMMIT SUICIDE

Vallejo, Cal., March 18.—David McDonald, a former bar tender, is under arrest at Benicia, charged with assisting Robert Glore, a young ranchman, to commit suicide. Glore while drinking it is stated became despondent, and voiced a desire to end his life. Whereupon McDonald is said to have procured carbolic acid and a night-boring drugstore. The rancher swallowed part of the poison and his life was saved only by prompt medical treatment.

Six months ago McDonald, is alleged to have aided his brother in a suicide attempt.

PRISONERS TO BE TAUGHT PRINCIPLES OF ART

Chicago, March 18.—The study of art is to be taken up by prisoners in the house of correction here. Supt. John L. Whitman says a plan has been worked out tentatively for giving lessons one day a week, the instructors to be artists who will work with the operation of well known patrons of art in the city. On the appointed day at least two artists or students will assist in the instruction, and exchange views with the prisoners. Miss Rebecca Kruttschnitt, daughter of Julius Kruttschnitt, director of maintenance and operation of the Harriman railroad was one of the first to interest herself in the movement.

ARTIST KUNZE.

Man Charged With Stealing a Millet May Not Be Prosecuted.

San Francisco, March 18.—William Kunze, the young artist under arrest here, charged with stealing the \$10,000 Millet painting from the memorial museum in Golden Gate park, may not be sent to prison, it is stated. Several prominent German residents are befriending Kunze and have employed an attorney to represent him. An effort will be made to induce the park commission to suspend prosecution. Kunze, and if this is done the artist's benefactors plan to help the young man to continue his studies.

BASEBALL LOOMS ON NEAR HORIZON

Utah State League on the Way—First Active Steps Taken Toward Organization.

The first real step toward the organization of the Utah State Baseball league was taken Friday night, when a committee reported at a meeting held in the office of John Tobin, in the Judge building, specifying rules, duties of officers, selection of umpires, and other minor regulations which are to govern the league.

Each team is allowed to carry 15 men before the opening of the season but during the playing part of the schedule no more than 12 will be allowed on the pay rolls. All clubs must post a forfeit of \$1,000 to guarantee that it will play out the season. All applications for membership must be filed with the committee by April 1.

There were present at the meeting Mayor Phil Breen of Murray, H. A. Sims of Ogden, Freeman Bassett, John Tobin and H. O. Sheppard.

JORDAN PEDAGOGUES LOSE TO THE COUNTY

There was a hot game of baseball Friday afternoon on the Jordan high school diamond when the teachers of the county schools downed those of the Jordan high by a score of 4 to 3. It required 10 innings to settle the battle. Richardson and Gardner, on the slab, worked beautifully, showing mid-season form.

The line-up:

Jordan H. S. Teachers:
Richardson.....P. Gardner
Gardner.....C. Green
Smith.....1 B. Arvitt
A. Fitzgerald.....B. Rasmussen
Ballard.....B. Shulman
Farnest.....B. Broadbent
Ferguson.....C. F. Quinn
Fitzgerald.....R. E. McRee
Brun and Brady.....L. F. Reese

CATCHER KLING'S CASE.

Cincinnati, O., March 18.—Chairman Herrmann of the national baseball commission has forwarded to President Johnson of the American league the papers in the case of Catcher Kling, and the American league president, together with President Lynch of the National league, is expected here Tuesday, when final action will be taken.

It originally was intended to settle the Kling case by a mail vote, but other matters arising have made a special conference of the commission necessary.

The famous "leave of absence" letter

What does 17 years of motor car building assure the buyer?

The automobile industry in America had its birth seventeen years ago.

And the first car built in this country was an Apperson—taking its name from its builders, the Apperson Brothers.

During all the years which have come and gone since that first production issued forth from their hands, Apperson Brothers have been building motor cars.

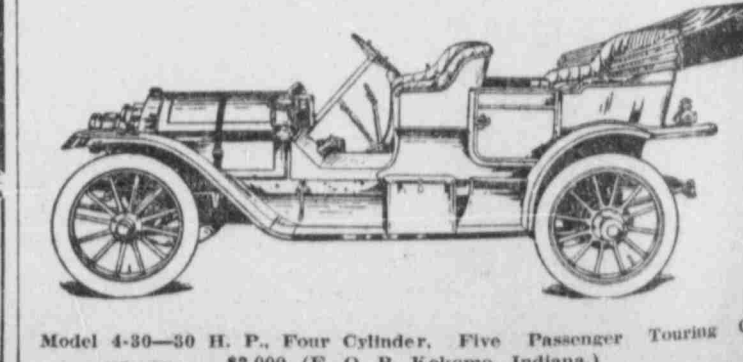

Their work has been a steady progression throughout these seventeen years.

Fifty distinct models they have produced—thousands of cars—each model better than the one before, as broadening experience pointed to new betterments.

For seventeen years no car has left the Apperson factory without having received, at every step of its construction, the watchful scrutiny and the scrupulous supervision of the Apperson Brothers themselves.

WAITED FORTY-FIVE YEARS FOR HIS SOLDIER'S PAY

Wellston, Ohio, March 18.—After waiting 45 years, the federal government has decided to pay James A. Hutchinson for his services in the Union army during the Civil war.

Hutchinson served one month when he was disabled by a bullet wound and discharged. Yesterday he received a voucher from Washington for \$14, one month's pay for a Union soldier. No interest was allowed him.
